The lamps are not suitable for dimming.

Correct disposal of this product	
 A symbol showing a crossed-out trash bin with a recycling symbol, indicating that the product should be recycled and not disposed of in household waste.	<p>For EU countries only.</p> <p>Never place any electric tools in your household refuse. To comply with European Directive 2012/19/EU concerning old electric and electronic equipment and its implementation in national laws, old electric tools have to be separated from other waste and disposed of in an environmentally-friendly fashion, e.g. by taking to a recycling depot. Recycling alternative to the demand to return electrical devices: As an alternative to returning the electrical device, the owner is obliged to cooperate in ensuring that the device is properly recycled if ownership is relinquished. This can also be done by handing over the used device to a returns centre, which will dispose of it in accordance with national commercial and industrial waste management legislation. This does not apply to the accessories and auxiliary equipment without any electrical components which are included with the used device.</p>
