Product overview

Revitalising the Glimmer range of mirrors, the Glimmer Pro adds new features while keeping the popular design of its predecessor.

Building on the Glimmer, the Glimmer Pro now features CCT Colour changing LED's. This allowed you to customise the colour temperature of the light from cool to warm white within seconds, giving a proven benefit to health and wellbeing.

The Glimmer Pro also features an integrated shaver socket suitable for both shavers and toothbrushes. This, along with the demister pad, provides the glimmer pro with all it needs to be perfect in any bathroom.
