### Product code:

**SE10445D0** - Duoflex Dual Colour LED Flexible Strip - 500mm

**SE10425D0** - Duoflex Dual Colour LED Flexible Strip - 2m Reel

**SE10425D1** - Duoflex Dual Colour LED Flexible Strip - 2m Pack

### Key Selling Points:

- With only one flexible strip the LED colour can be set from warm white through the full spectrum to cool white.
- Use with the DuoFlex Remote Control or Multi-Light Control application to select the perfect colour or brightness (Bluetooth receiver required for this feature).
- Quick and easy installation - strips have 3M self adhesive backing tape.
- Male and female ends on the strip allow you to join multiple strips to create the length that you require.
- A maximum length of 6m of the Duoflex can be run from each receiver.
- The strip can be cut every 100mm. Scissor icons mark where the strip can be cut. Once the strip has been cut, the cut-off piece cannot be re-used.
