

Product overview

The new Flux flexible strip is the ultimate colour changing solution enabling colours to be mixed and matched to create millions of combinations.

The strip features 24 pre-set RGB colours, as well as 11 shades of white (CCT). The colours can be set individually or RGB colours can be mixed with the CCT colours to create a multitude of different shades. Each colour can also be dimmed to achieve further customisation.

The Flux also features 3M VHB (very high bond) tape underneath for secure installation.

Benefits

- Lighting to suit any type of mood or atmosphere
- Customizable lighting
- A multitude of colour options to choose from

Key Features

- A combination of RGB and CCT makes this strip the ultimate colour changing solution
- 245 LEDs per meter greatly reduced the appearance of individual diodes
- Cut marks every 50mm
- VHB (very high bond) adhesive tape for secure installation
- Zone feature available with the RGB CCT Remote Control and Receiver

Technical Specification

Wattage	6W/m
Voltage	24V
Lumens per meter	RGB: 220L/m CCT: 540L/m
CRI	>90
Cut Marks	142.5mm
Beam Angle	180°
Number of LEDs per meter	245
CCT Color Temperature	3000K – 5000K
Connector	1.5m cable soldered at each end
Tape	3M VHB
Operating Temperature	+5°C to + 45°C

Mechanical Specification

Product Name	Dimensions (mm)	Weight (g)	IP Rating
Flux	H 2, W 10, L 5000	160	IP54

Order Codes

Description	Order Code	Barcode
