Key Selling Points:

- > Diffused flexible LED strip light with no visible LED points
- > Available in 333mm and 1000mm lengths
- > Supplied with clips and 3M adhesive so the product can be used along the plinth or under cabinets
- > Developed so the product can be cut to length. Cut points are every 41mm so a precise length can be achieved (each strip can only be cut once and the cut piece is to be discarded)
- > Strips have male and female connectors so the strips can be seamlessly and very simply interlinked
- > The join between strips is almost seamless
- > Available in both cool white and warm white LED
- > 600 lm per metre
- > No more visible LED points on a glossy floor - achieve a truly seamless line for the first time
