### Key Selling Points:

- > One light, three whites: warm, natural and cool white.
- > Available in a Triangle housing or surface/recess housing with collar supplied.
- > Reduced SKUs with only one light to stock that supplies all LED colours in one fitting.
- > Diffused LED's so no individual LED diodes can be seen.
- > Choose the LED colour you prefer prior to installation.
- > If you decide that the LED colour choice is wrong after installation simply remove the LED centre and select a different LED colour.
- > This fitting provides ultimate flexibility.
- > 50% brighter than SLS.
