- SE30014W0.1 - GU10 Shower Light - White
- SE30022W0.1 - GU10 Shower Light - Chrome

Dimensions:

Key Selling Points:

- IP65 rated fitting, suitable for use in zones 1 & 2 of the bathroom
- GU10 fitting. Runs at 240V so no external transformer or driver is required.
- Available in a choice of 2 finishes; chrome or white.
- Choose the fitting you require in the desired finish, then select the LED lamp you'd like, choosing from warm white or cool white LED.
- The lamp itself sits close to the glass for increased span of light.
- The fitting is suitable for use above a shower cubical or bath.
