### Product Overview

Accompanying the existing Titan range, the new Smart Drivers are at the forefront of modern technology, unlocking advanced lighting control without the need for additional receivers and remote controls.

Simply combine the Smart Driver with the Link-Sensio App to access a multitude of clever features, such as dimming, colour changing and lighting schedules, or, if you want to truly unlock the full smart potential, combine with an Amazon Alexa or Google Home for voice controlled lighting.

The Titan Smart Drivers also feature all of the classic Titan attributes such as a low-profile body, integrated ports and protection from short-circuiting, overloading and electrical surge.
