

Benefits

- Easy to use and install
- Ideal for under cabinet lighting
- LED technology for long life
- Energy saving (good lumens per watt ratio)

Key Features

- Slim design
- Sleek appearance
- Diffused light (no visible dots)
- Bright output
- Aluminum finish
- Dimmable
- Magnetic bezel hide fixings

Product overview

The Plaza square prismatic LED light is a stylish flat panel under cabinet light, which offers a superb light output.

The Plaza is at the forefront of modern technology and contains an innovative diffuser with an etched design to completely diffuse the light so that no LED dots are visible.

The product has a superb lumen per watt efficacy and is available in natural white (4000K) making it suitable for any kitchen design, whether traditional or contemporary.

The Plaza is easy to install and features a magnetic bezel which cleverly hides the fixings.

Compatible with Sensio dimmable receivers.
